Arrr me mateys! It's time to pillage and plunder. Find the one chest that's loaded with treasure on Skull Island!

Listen up crew, here's what you've gotta do:

**First...** Find the rock that looks like a whale.

**Next...** Clock the palm tree with four coconuts on it.

**Then...** Locate the bush that's shaped like the pirate's hat.

**Finally...** These three things form a triangle and in the middle of the triangle lies the treasure chest. Can you find it before the curse of Skull Island finds you?!

**Psst!** The treasure chest is exactly 6 cm away from the rock, palm tree and bush.

## PIRATES, YE BE WARNED

In the third *Pirates of the Caribbean* film they head to Singapore to stock up on supplies before beginning the journey to World's End to save Captain Jack Sparrow.

We've got the secrets from the stars! We introduce you to the NEW pirate who's ready to make our heroes walk the plank.

## KEIRA KNIGHTLEY SECRETS!

While sworn to secrecy, Keira Knightley told us that the film opens with her running, at full pelt, through alleyways and across bridges in the seedy 'red lantern' district of old Singapore. The area has been painstakingly recreated on a massive Universal Studios sound stage in Hollywood.

"It's part of the opening sequence of the third film," explains Keira. "And without giving too much away, Will Turner and Elizabeth Swann are being chased by a whole gang of not very nice people. Great fun!"

"And in *Pirates Three* we have some new faces as well," explains Keira. "Including Chow Yun-Fat who is an Asian pirate and he's absolutely wonderful. We all adore him!"

IN CINEMAS:

back to the Caribbean with *Pirates!*

## INTRODUCING... PIRATE LORD SAO FENG

Chow Yun-Fat will play Pirate Lord Sao Feng, a colourful gang leader, as the *Pirates* crew begin a whole new set of adventures in the Far East. The opening sequence features the 'red lantern' district of Singapore. It's dark and dirty with evil around every corner. The area is packed with houses, rivers, lakes, bridges and alleyways leading to a spice market. Sao Feng rules over this dangerous area where assassins are armed with steel ribbed fans and traditional Chinese swords. Even chopsticks can be used as weapons!

Chow Yun-Fat is famous for acting in Hong Kong action films, but even *He thinks Pirates of the Caribbean: At World's End* is mind-blowing!

"It's a very exciting movie – [with] all the visual effects [and] sound effects – I went wild when I first saw it. The character is very strong, plus Johnny Depp gives a good performance. He's amazing, he's amazing, I love it, I love it!"

**SPOILER!**

**SON OF THE DRAGON**  
In a scene, Sao Feng's sign of power and status is that Will Turner might want to go as quick as he'll be caught trying to steal from Sao Feng's pocket square.

## SAO FENG FIVE!

- ☠ He wears a lucky jade ring, symbolising long life and good fortune.
- ☠ His boat is the Empress, but will it be stolen out from under him?
- ☠ He is surrounded by women and many of them are assassins.
- ☠ Sao Feng is a mighty warrior who is ruthless in combat.
- ☠ His extra long fingernails are a symbol of wealth and his high status.

**Daniel:**

**KZ:** What do you think is going to happen in the *Harry Potter* series?

**Rupert:** A lot of people are saying that Harry is going to die. That would be quite strange.

**KZ:** We know that two characters are definitely going to die. What if your character is one of them?

**Rupert:** I don't think I'd mind – as long as it happened at the end of the series. That would be alright. A death scene would be quite different!

**KZ:** Do you think Ron and Hermione will one day live happily ever after?

**Rupert:** Well, there's always been that sense where you think they belong together, but we'll have to wait and see.

**KZ:** When *Harry Potter* news comes out, do you look for any what's happened to Hermione?

## MAIN MAN FACTS

- Shrek has 24 basic facial expressions, but the possibilities are almost infinite.
- Shrek is a big guy at almost 2.2m tall!
- He's rolling in cash. So far, he's made \$1.76 BILLION in sales at the box office and from DVDs. See – it IS easy being green!
- He may not like to admit it, but Shrek is 10-years-old (sic, almost 11). The first sketch of Shrek was done in late 1990.

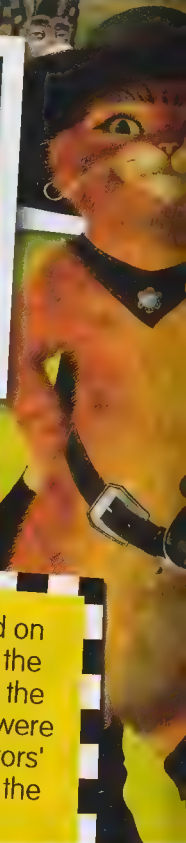

We've waited a massive three and a half years, but Shrek is finally about to bust out onto the big screen again. We snuck behind-the-scenes of *Shrek the Third*, visiting DreamWorks' California studio to talk to the film-making geniuses behind the laughs.

Animators took several months to perfect the look of Shrek for this movie. Mainly because the camera zooms in on Shrek the more he's talking, making us to get up close and personal, so his pucker had to be perfect.

It can take up to a year to create one character!

Thirty-two animators worked on *Shrek the Third* from all over the world, including Hong Kong, the UK and New Zealand. There were two dedicated 'crowd animators' whose job was to make sure the crowd scenes are perfect.

We love Shrek, but let's face it, his wardrobe has been lacking in the previous movies. Finally, we get to see him in some new clothes! Be warned – he does throw on some high heels and designer duds, but he rocks it ogre-style.

There are 67 new locations in *Shrek the Third*.

**IN CINEMAS:

Look out for the scene where Shrek is getting his bottom scratched. To make it look as real as possible, the animators bought a huge beanbag and scratched it with a stick to see how it would look. They then transferred it into the movie.

**Right outta the Turtles' mouths, the what.**

**KZ:** So are you guys back to protecting New York City full-time now?

**RAPH:** ...totally!  
protecting the streets.

**LEO:** Yes, we know Raph. But I think we've learnt that teamwork beats vigilantism any day of the week.

**RAPH:** So now you're a criminology expert, jungle boy?

**KZ:** Was it weird teaming up with the Foot Clan to battle the stone generals?

**LEO:** As Master Splinter might say, "the enemy of my enemy is a friend."

**DON:** Well, at least while we were battling the generals and the monsters together. But I don't think we'll be exchanging email addresses.

**RAPH:** When I'm kickin' butt, I rarely look to see who's beside me. But yeah, I appreciated the assist.

**KZ:** Do you reckon you've really seen the last of Shredder?

**DON:** No matter how many times we've defeated Shredder, he always seems to come back. So, based on history, I wouldn't be surprised to see old Shred-head pop up again.

**KZ:** Which one of you guys eats the most pizza?

**LEO/RAPH:** Mikey!

**MIKEY:** Awww... you guys! Thanks.  
**KZ:** So, what's your favourite kind of pizza?

**MIKEY:** Um... the kind with a crust!

**KZ:** And who's the gnarliest skateboarder?

**MIKEY:** Mikey!

**MIKEY:** Awww, guys. Again?  
Thanks for noticing.

where and why of being a Ninja Turtle!

**KZ:** What videogames have you loaded into your sewer hideout?

Being the game guru, let me handle this one. Let's see, Leo likes *Prince of Persia* and is really into the *Sims* games. Raph gets into *WWE SmackDown*... he's basically a button masher. Don's into *World of Warcraft*, *EverQuest* and anything else he can multiplay online. And my latest faves are *Tony Hawk*, *Super Mario Bros.* and *Rayman Raving Rabbids*. Don got me a Wii for my birthday and I've just been virtual bowling for, like, hours on end. That system rocks!

**KZ:** If you weren't mutant crime-fighting superheroes, what would you be doing instead?

I'd be a pro skateboarder... or pro surfer.

**DON:** Computer programmer or maybe I'd work for NASA.

I'd be a non-mutant guy who kicks the butt of someone who deserves it!

**LEO:** Following in Master Splinter's footsteps, I believe I would be a good martial arts teacher.

## Eragon

WE HOOKED UP WITH THE DRAGON RIDER, ED SPELEERS IN TIME FOR THE DVD RELEASE OF ERAGON ON APRIL 18.

**KZ:** What was it like making your first movie, *Eragon*?

I turned up on the set and it was a bit of a shock. There were about 200 people running around with equipment - make-up and hair people, technical people. It was overwhelming.

**KZ:** How did you prepare for the full-on title role?

I only had three weeks of training prior to shooting. I spent an hour in the gym every morning. I also did a lot of horse riding, archery and sword-fighting. At the same time I was working with my acting coach. I was exhausted at the end of the day and the following day my legs would hurt from riding all day, but I loved it.

What's gonna go down in *Harry Potter and the Deathly Hallows*? You tell us!

Hey K-Zone,

I reckon that Lord Voldemort and Draco Malfoy will die in *The Deathly Hallows* because I don't think that Jo will let evil overthrow the wizarding world. And as for the one who'll teach at Hogwarts, I think that Neville would do a great job!

Hi K-Zone,  
I think Dumbledore is alive and will save the day in *Deathly Hallows*! Remember in the fourth book, Wormtail cut off his own hand to give Voldemort life, and Voldemort gave him a silver one in return? Maybe Wormtail used a Polyjuice Potion to look like Dumbledore, explaining his burnt hand in Book Six, meaning that Wormtail died instead!

## ON YA BIKE!

BMX bike champ **DANIEL DUNN** talks tough tricks and tons of trophies!

**KZ:** What makes BMX way cooler than skating?

**DD:** The fact that you can ride anywhere rather than just skate parks. Oh, and dirt jumps rule!

**KZ:** If kids had to choose to skate or BMX, how would you convince 'em to BMX?

**DD:** I'd tell them that if they're into individual sports, BMX would be perfect!

**KZ:** What's the best prize or trophy you've ever scored for BMX?

**DD:** I have two first place trophies that are in the shape of a crown – very cool bling!

**KZ:** How long did it take to master the double tail whip?

**DD:** I actually broke my arm and leg trying double whips not that long ago! It took two attempts to nail it and I've been doing the trick ever since!

**KZ:** How were you picked to be the BMX Milo Cereal Planet X Junior Games ambassador?

**DD:** I scored the silver medal at the Soul Planet X Summer Games in Melbourne so that may have had something to do with it!

## SK8 DEBATE!

Pro boarder **CORBIN HARRIS** ollies in to make his case for skateboards!

**KZ:** What are two things that make skating madder than BMX?

**CH:** Wheels. I have two more!

**KZ:** If kids had to choose to skate or ride BMX, what would you say to get them skating?

**CH:** I'd actually convince them to try both and they'd choose skating later! I rode a BMX for years and then decided that skating was for me!

**KZ:** What are the coolest places that skating has taken you?

**CH:** New York City, the south of France and New Zealand have been my faves!

**KZ:** If a skater and a biker went head-to-head in a downhill speed race, who'd win?

**CH:** I guess it would depend on who fell off first! Hopefully I would win 'cos I hate coming second!

**KZ:** What advice can you give kids who are entering the Milo Cereal Planet X Junior Games?

**CH:** Just one thing - have fun! Kids should definitely get out there with their mates and have an awesome time!

# SCOOTER SESSIONS!

Razor scooter superstar, **PHIL LAGETTIE** talks Planet X, pro wheels and plundering pirates!

## TEAM RAZOR!

**KZ:** What's the best thing about going pro on the Razor scooter team?

**PL:** Having a large company behind me that helps me expand the sport is great. We're all working hard so that scootering will be an internationally accepted sport!

**KZ:** How many scootering titles have you scored?

**PL:** I've won about 15 medals, all varying between first and second place. Coedie Donovan and I pretty much compete for gold at every comp!

**KZ:** What's your highest score on the *Alley Assault Tour* game @ [www.razoraus.com.au](http://www.razoraus.com.au)?

**PL:** It's actually pretty poor – I only have about 500 points. I should get onto that!

**KZ:** 2007 was the first time scootering has been included in the Planet X Games. How was it?

**PL:** Amazing! The exposure and support that we received was great!

## PIRATE PHIL!

**KZ:** What's your fave pirate flick and character?

Obviously all of the *Pirates of the Caribbean* movies, and Captain Jack Sparrow is my fave!

**KZ:** What would be your ultimate treasure find?

Definitely \$50 million! I'd buy tons of Razor scooters – a new one for each day!

**KZ:** If you could change your name to a pirate one, which one would you go for?

Weird question! Maybe Adam Jones, like Davy Jones, but named after my favourite guitarist who plays in the band Tool!

# SPIDER-MAN THE GAME

## SPIDER-MAN 3

Available on **PS3, Xbox 360, Wii, PS2, PC, Nintendo DS**

**JUMP INTO THE SWING OF THINGS!** While most movie games kinda cop out and just give you the playable movie with a few added extras, *Spider-Man 3* ramps into overdrive giving gamers nine additional stories scattered throughout New York City. Better still, you don't need to follow one the whole way through but can pick and choose what you do and when.

With three gangs fighting for the city, each marked by their gang colours; you can choose to take down the punks before tracking Sandman or various big-time villains.

On the Next Gen consoles *Spidey 3* is packed with detail, it's bright and the city seems to go on forever.

**TAKE 'EM ON** Whether just hanging around on the side of a building in Free Play mode or swinging through the storylines, you'll hit a lot of enemy action. Battles are about building combos and handing out a thumping.

There are two ways this can happen. Firstly, during 'Cinema Interactives' you'll need to push buttons in time with the actions. For instance, pushing X at the right time will enable you to pull off the hardcore moves from the movie. Like defeating the New Goblin or Sandman. It's like interacting with the cutscenes. You need to think quick or miss out.

Secondly, you can clean up the streets by tracking the three gangs and build up your power by handing out judgment.

Clicking into 'Spidey Sense' makes it easier to spot enemies as they glow with a red light and it's great for Free Play mode.

# AN 3: ME

WAKE UP  
AS PETER

TAKE TO THE  
STREETS AS  
SPIDEY!

## BRIGHT LIGHTS

While you're guaranteed a great story with Spidey, what really makes this game shine is the city! You can get into every area of New York City. Climb down into the sewers or reach the top of the Empire State Building.

Slag webs to get you around. You can even leap onto a train and ride through the city patrolling the subways.

Chasing through the streets you can pick up stuff with your webs to throw at enemies and interact with the environment as much or as little as you want.

## FUN FACTOR

Spider-Man 3 is a great combination of kick-butt action and story-driven mayhem, but it's some of the smaller things that make you want to continue on in the gameplay.

Making his first appearance is black Spidey - the Jampod up, more full-on version of the normal Supershero. Not only is he more aggressive but when he patrols the streets he can hit Rage mode, allowing him to pull off mad combos and a range of different moves. Not only that, the dude just looks cool!

The ability to swing and climb, going higher and higher is a kick and with the camera swinging around as if you're part of a movie, moving in for close-ups and pulling back for wide action shots, you'll become the star.

# LEVEL 1 SHREK THE THIRD

BE PREPARED! YOU'RE GONNA LOL DURING THIS ONE.

## SHREK THE THIRD

Available on: **Xbox 360, Wii, PS2, PC, PSP, Nintendo DS, GBA**

Way weird and totally twisted, the land of Far Far Away has gone way off track and it's Shrek and his rockin' buddies to the rescue.

The not so charming Prince Charming has stormed the city with an army of not so nice and seriously not charming dudes who want to take the throne for themselves.

*Shrek* games are known for being funny, but *Shrek the Third* takes you into the movie and beyond. You'll need to save

your friends while battling your way through countless villains and collecting all kinda stuff. Ultimately, it's all building up to that one moment where you'll have to fight the boss battle and hopefully emerge victorious.

Locations are part-film and part-game exclusive, but all the heroes will rock in to make an appearance, including Shrek, Donkey, Puss N' Boots, Fiona, Arthur and even Sleeping Beauty.

**GET THE SKILLS** While we all like a 'happily ever after' ending, how you make it to that ending is where all the fun is. Battling through you can use each character's special abilities to unleash some full-on power during combat. Shrek has 'Ogre Power,' Fiona lets off 'Flying Kick,' Puss N' Boots shows us 'Cute Puss' and Sleeping Beauty's sleeping 'Swoon' attack will help you defeat even the toughest villains.

Of course the action will be pumped up with unlockable content and cutscenes that will blow your mind. It's all about technology in these games and the Transformers have had a major update with high-powered vehicles like sports cars, fighter jets and helicopters.

When it comes to reckless driving, the game with the sweetest moves is always the *Burnout* series. Whether hitting top speeds and going for broke through shortcuts or turning on the rage as you tear up the streets, *Burnout Dominator* will ignite your fire for racing.

Those who have competed for the Gold, Silver and Bronze in previous versions will feel at home as they take on the World Tour and the all-new tracks within each location. Old faves

like *Race*, *Road Rage* and *Eliminator* are still part of the package with the inclusion of *Maniac mode* – where you drive to the edge and watch your points grow quickly – and *Domination Points* where *Takedowns* and *victory* secure points for the *Domination* series.

Each car is different but they'll all let you pull off the unique *Burnout* moves as your adrenaline rises and you push the most insane limits.

## THE STORY SO FAR...

Kirby is a plump, pink, round character who lives on the planet Popstar and set up camp on Dream Land. He's been the main man in over 20 videogames, as well as starring in his own cartoon series, thus stacking his claim as an international superstar. He may be round and pink, but Kirby packs some serious power. He can inhale enemies and copy their abilities, giving them a taste of their own bad medicine. It also means you can see him wielding flames, swords, lightning, or transforming into rock, a wheel, a rocket and more.

## WARIO: MASTER OF DISGUISE

Available on: **Nintendo DS** Rating: **G** Release date: **May**

When it comes to brilliant ideas, Wario likes to steal his rather than put loads of thought into things. So when he sees a Master Thief with many disguises on TV he jumps through the screen and steals the thief's wand. Little does he know that with the wand he can take on eight different identities!

This scrolling platform game gets you to sketch, using the stylus, a symbol on Wario – say a helmet to make him into a spaceman – which

transforms him and gives him different powers. Wario travels the world in this game and hits 10 missions across nine really odd locations.

He takes on some quirky enemies, like ducks and mice, and solves puzzles to prove his Master Thief status. And, of course, with treasure to steal there is a lot of collecting in *Master of Disguise*.

## KIRBY SQUEAK SQUAD

Available on: **Nintendo DS** Rating: **G**  
Release date: **Out now**

As always Kirby's trying to fill his stomach, but during snack time something goes horribly wrong! Yes, his food gets nicked and now the big pink ball of air is on a hunt to fill his tummy. Obviously King Dedede is behind it again but this time the Squeaks are also thrown into the mix.

As usual Kirby is sucking up everything in his path in order to make it through levels. It also means he can float, jump and take on abilities to destroy enemies that get in his way. Mixing it up a little is the capacity to upgrade 25 abilities and mix 'em. Freeze water to skate across it, burn trees that stand in the way but whatever you do get Kirby to the food FAST!

First, have both characters on the same screen, then tap the touchscreen above to make your partner jump up to two times (depending on if you have the double-jump ability or not). Meet the world's first radio-controlled flying insect – the Flytech Dragonfly from WowWee! It's ultra light and catches air indoors and out. But the biggest buzz is, you tell it what to do. Control its speed, direction and height with the two channel digital remote. Check the fly toy!

# How the FlyTech DRAGONFLY works

## ORNITHOPTER

The Dragonfly is an 'ornithopter' which is the scientific name for an aircraft that flies by flapping its wings, like a bird or a flying insect, instead of using propellers, like a plane.

## ULTRA LIGHT

The styrofoam body of the Dragonfly is made from expanded polypropylene which is really light. It's also tough to protect the fragile parts inside the insect.

## POWER TOGGLE

The wings power the Dragonfly up into the air when you push the power toggle up on the remote control.

## Tech Specs

- Wingspan – 40 cm
- Power – Rechargeable lithium polymer battery
- Flight time – Up to 10 minutes on a single charge
- Range – Up to 15 m from the remote control

## THE INVENTORS

The Flytech Dragonfly is based on the world's first self-ornithopter model, invented by two high school students in New York. Sean Trawley and Dan Gerz started their own business by building wooden versions of these insect-flying machines in their basements. Then they became consultants for WowWee and filed a patent in Taiwan.

## WINGIN' IT

The four wings are made out of translucent plastic film and are powered by a lightweight electric motor inside the Dragonfly.

## DRAGON'S TAIL

On the tail of the Dragonfly is a tiny electric motor and propeller. When flying, this works like a rudder on a boat and steers the Dragonfly left or right. Check the instructions below...

### FLY LEFT

**1** Push the direction toggle to the left.

**2** The propeller pushes the tail to the right.

**3** This steers the Dragonfly to the left.

### FLY RIGHT

**1** Push the direction toggle to the right.

**2** The propeller pushes the tail to the left.

**3** This steers the Dragonfly to the right.

## TETCHY TARANTULA

The tarantula looks like it scuttled straight outta a horror flick!

**TUCKIN' IN:** They eat insects, lizards, mice and birds. And each other. Yep, they're cannibals!

**SCARY STUFF:** Tarantulas can grow as big as a frisbee and are very hairy. Like werewolf hairy.

**FAR-OUT FACTS:** When they get old they lose their hair, just like your grandad! Plus, they don't spin webs - they hunt prey on the ground.

**BODY LANGUAGE:** If it's on its back with its legs in the air the tarantula's about to moult. This means it's about to shed its 'exoskeleton' and literally crawl outta its skin!

**TOP TRICK:** Letting a tarantula loose in your classroom would be hilarious, but beware! If a tarantula gets cranky, it'll throw itchy hairs at you and getting them in your eyes is seriously bad news.

## COLD-BLOODED CORN SNAKE

Possibly the coolest-looking snake on Earth, wrap yourself up in this reptile!

**TUCKIN' IN:** They eat mice, birds and bats!

**SCARY STUFF:** These beauty's eyes, during tongue and lack of legs gets scary-cool every time!

**FAR-OUT FACTS:** Corn snakes never blink one dot and some have freaky red eyes.

**BODY LANGUAGE:** They use their piggy squint to show death and they wriggle their tail to swallow the victim whole. The prey can be 10 times bigger than the snake's head!

**TOP TRICK:** When you're around your rock like a scurf. See how long it takes for someone to notice!

This mouse ain't having a good day...

THE NAME 'JOLLY ROGER' IS THOUGHT TO HAVE COME FROM A NICKNAME FOR THE DEVIL - 'OLD ROGER.'

# CRITTERS

**dogs. If we could have ANY pets  
e'd take this xtreme team home!**

## COLOURFUL CHAMELEON

**A leopard can't change its spots but a chameleon can!**

**FEELIN' IN:** Chameleons are lizards and munch on insects. Larger ones eat small birds and other lizards.

**FEELIN' OUT:** If a bully is giving you grief, pull out your chameleon. They have sharp hind legs and puff themselves up to scare off attackers.

**PAR-OUT FACTS:** Their tongue is longer than their body and they change colour! Watch 'em go green, yellow, blue-green, turquoise, brownish-red and black.

**BODY LANGUAGE:** Their colour depends on light, temperature and mood. Dark colours mean they're stressed or chilly, and bright colours mean they're happy or active!

**TOP TRICK:** Take a happy, colourful chameleon and blast it with cold air. Watch your mates freak when it goes a dark colour! They'll be calling you "Harry Potter!"

# THE OMNITRIX

## 10 DIFFERENT ALIEN

### GREYMATTER

**STRENGTHS:** Tiny, at only 13 cm tall, he can squeeze into small spaces and spring from danger.

**WEAKNESSES:** Small means weak and easily trampled.

**ABILITIES:** Being able to stick to walls makes him hard to catch, plus he's pretty smart.

### STINKFLY

**STRENGTH:** This mutated dragonfly pulls ace acrobatics.

**WEAKNESSES:** His wings are the weak spot, plus he's vulnerable to poisons and gases.

**ABILITIES:** His sharp tail and pincers can be used as weapons while hitting the sky.

### WILDMUTT

**STRENGTHS:** This beast has astonishing athletic ability with amped up senses, like smell, hearing and taste.

**WEAKNESSES:** He can't talk, he just snarls and growls. Plus, he doesn't have any eyes.

**ABILITIES:** How sweet would it be if you could shoot quills from your back?! He's armed and dangerous.

### FOURARMS

**STRENGTHS:** He's a massive 3 m tall with powerful arms and armour-plated skin.

**WEAKNESS:** Huge size also equals **CLUMSY!**

**ABILITIES:** Can leap houses and create a sonic boom by clapping.

### UPGRADE

**STRENGTHS:** He's a living machine with liquid metallic skin and organic circuits.

**WEAKNESSES:** Metal means that acid and electromagnetic energy messes with his circuits.

**ABILITIES:** He can bring any technology to life by merging with it and can score attachments like plasma cannons.

**BEN 10**

'FREEBOOTER' IS ANOTHER WORD FOR 'PIRATE,' FROM THE DUTCH WORDS FOR 'FREE' AND 'PLUNDER.'

# MINITRIX!

S... ONE ULTIMATE SUPERHERO!

## HEATBLAST

**STRENGTH:** He's living fire. Hot!

**WEAKNESS:** Well, obviously water is a problem...

**ABILITIES:** Heatblast puts out fires as easily as he can start them.

## XLR8

**STRENGTHS:** He's a supa fast, highly intelligent lizard.

**WEAKNESSES:** XLR8 is useless travelling on mud or ice, plus magnets and magnetic pulses can throw him way off course.

**ABILITIES:** He hits top speed at 850 km/hr and can go straight up sheer walls.

## RIPJAWS

**STRENGTHS:** Part eel, part alligator and part leech, he's a water creature with razor sharp teeth.

**WEAKNESS:** He's totally sluggish on dry land.

**ABILITIES:** Obviously a strong swimmer, but with that jaw he can chomp through anything.

## GHOSTFREAK

**STRENGTHS:** Who wouldn't want to pass through walls or become invisible!

**WEAKNESS:** Light totally freaks this one out.

**ABILITIES:** Ghostfreak can read minds and move objects with his mind.

## DIAMONDHEAD

**STRENGTH:** Made out of material harder than diamond crystals, he's almost indestructible.

**WEAKNESS:** Sound based attacks will knock him out.

**ABILITIES:** As Diamondhead, Ben can use beam weaponry to slice through anything.

**Gross!**

WHEN I WAS SEVEN, I PEED MY PANTS IN CLASS. THE TEACHER WENT TO GET A FAN AND I HAD TO STAND IN FRONT OF IT UNTIL MY PANTS DRIED! I WAS SOOO EMBARRASSED AND MY FRIENDS WON'T LET ME FORGET IT.

ADRIANA, 9

I went to a swimming lesson in the holidays. We on the platform we got dressed with our towels and the instructor asked, "who wants to go first?" he was waiting to go I said, "I will." I stepped up on the platform and before I turned I could see my pants' cos I turned cool!

James, 11

One time at school, I was called to the front to give my essay. Halfway through I had a blank and forgot I was up the front. I started scratching my bum and got called "bum monkey" for the rest of the term!

Jake, 12

I went to the footy and the guy next to me dropped a pie on my head! Everyone laughed and it was SO BAD!!

**PLUSH OF THE MONTH!**

I had just started at a new school and it was the swimming carnival. It was my first race and I dived into the water as hard as I could. I went in too hard 'cos my togs came flying off and, worst of all, I didn't realise 'cos I was just thinking about winning. So I kept swimming all the way to the end and only realised when I got out of the pool and everyone was laughing.

# Prank PARENT TRAP!

**CUT OUT THESE MISCHIEF-MAKERS  
AND FOOL YOUR OLDS! IT'S TIME TO  
GET ON BOARD PRANK PATROL.**

## STICKY, STINKY PAPER!

What's worse than being caught on the loo without any paper? Having toilet paper and not being able to use it!

1. Pull a shifty on your parents and head to the loo they use most.
2. Grab some glue and a full roll of toilet paper.
3. Stick the end of the toilet roll down so rippin' off the first sheet is a mega challenge!

## ALL ABOUT EGGS!

Get egg-cited 'cos this one's a ripper!

1. Get your hands on one egg, a pin and a straw.
2. Carefully pierce a hole in the top 'n' bottom of the egg with the pin. Poke the yolk with the pin to mush it up.
3. Stick the straw over the top hole and blow the gooey egg outta the bottom hole, leaving an empty shell.
4. Threaten to throw the egg, which is really just a shell, at your folks and watch 'em squirm big-time!

## ALARM ALERT!

After extensive research, we've found that this one works especially well on Sunday mornings!

1. Creep into your parents' bedroom before they go to sleep.
2. Set the alarm clock for 3am.
3. Head to bed for a peaceful night's sleep and prepare to be busted in the morning after your olds have a very early start!

## 'GET OUT OF...' COUPON

**USE THIS 'GET OUT OF' COUPON IN TIMES OF EMERGENCY!**

### GET OUT OF A DENTISTRY DILEMMA

This coupon entitles the bearer to get out of visiting the dentist or orthodontist on one occasion as selected by the bearer.

Expiry 31/08/07. One coupon per child, per occasion.  
Success not guaranteed on all cranky parents!

### EXCUSE (READ WITH CLENCHED JAW!)

I'm so sorry

(insert parent's name here)

but unfortunately I'll be unable to visit the

(dentist/orthodontist) today. Last night, after eating your yummy dinner, a weird chemical reaction occurred in my mouth, gluing my teeth together! There's no point seeing the tooth doctor if I can't show 'em my teeth...

*Cut out both coupon sides (front and back) and stick together.*

**INFAMOUS PIRATE, BARTHOLOMEW ROBERTS' PIRATE FLAG PICTURED HIM STANDING ON TWO SKULLS.**

**Disclaimer:** Don't say we didn't warn you! Pranks have a nasty habit of going wrong when you need to pull 'em off, so don't blame us when you end up grounded all week!
